

JOSUE LOPEZ-CARMONA

Raleigh, NC | (252) 725-0179 | jlopezc2@ncsu.edu

OBJECTIVE

Seeking a software engineering internship in web design and development

EDUCATION

North Carolina State University
B.S. in Computer Science

Raleigh, NC
Expected December 2027

TECHNICAL SKILLS

Programming Skills: Java, C, HTML, CSS, JavaScript, MySQL

Developer Experience: Git, GitHub, Eclipse, IntelliJ, MySQL Workbench

PROJECTS

CoffeeMaker (Full-Stack Beverage Ordering System) | *Java, Spring Boot, MySQL* Fall 2026

- Built a full-stack ordering system in a 4-person team, with a Spring Boot REST API backed by MySQL through JPA and a React/Vite frontend
- Designed the REST API endpoints and documented design trade-offs and UI wireframes for new inventory and ingredient features
- Worked through GitHub issues, feature branches and pull request reviews

WolfDash (Ride-Share Management System) | *Java* Summer 2026

- Designed the system, backed by a full UML class diagram and written design rationale document
- Implemented core functionality across multiple custom data structures (hash maps, trees, priority queues)
- Authored structured test cases and JUnit test suites covering core operations
- Benchmarked performance across data structure choices, producing log-log chart analysis to validate algorithmic complexity

WolfRegrade (Regrade Request Management System) | *Java* Spring 2026

- Built a Java desktop app that manages student regrade requests for course assignments, using an MVC architecture
- Wrote generic linked-list and array-based stack data structures from scratch, with custom iterators
- Designed a polymorphic class hierarchy (an abstract base class with 4 request types) and a file reader/writer that saves course data to a custom text format

ORGANIZATIONS

Founding Member

Beta Upsilon Chi, North Carolina State University

- Led the chartering process to establish Beta Upsilon Chi as an officially recognized campus organization, meeting NCSU's and national headquarters' requirements for approval in 10 months
- Participated in drafting founding chapter bylaws and establishing the initial leadership and governance structure

Event Coordinator

Society of Hispanic Professional Engineers (SHPE)

- Planned and executed 10+ club events per semester, including technical workshops and networking events drawing 30+, to improve career readiness and personal growth
- Represented SHPE as liaison to NCSU, coordinating outreach and collaboration with other student organizations

EXPERIENCE

Lead Server

Jan 2024 – Jul 2025

Coco Bongo Mexican Express

NC

- Ran pre-shift huddles, communicated daily specials, and relayed service goals to the team
- Mentored newer staff on sequence-of-service, menu fluency, and allergen protocols during live shifts
- Enhanced multitasking and time management by handling orders, serving, and completing side work efficiently
- Handled 50+ POS transactions per shift, serving 100+ guests daily across 5 tables

Construction Worker

Jul 2022 – Sep 2023

House Renewal Department

New Bern, NC

- Assisted in construction tasks by operating heavy machinery, power tools, and concrete mixers safely and efficiently on commercial sites
- Assisted a 10-person crew with drywall installation and site cleanup, contributing to 3+ completed projects on schedule

Barista

Nov 2019 – Jul 2021

Café La Fe

Oaxaca, Mexico

- Prepared drinks and food for 50+ customers daily, maintaining high standards of cleanliness and service
- Managed multiple tasks in a busy environment, improving operational efficiency and customer satisfaction
- Ensured smooth operation of the coffee shop by maintaining cleanliness and supporting team members
